Data sources:

Facility Name: Providers tell Concordia their name when they join the network and every 3 years thereafter when they complete the reassessment process. Changes to information between 3 year cycles may not be reflected until the next cycle. If Concordia receives new information between cycles, the directory is updated. Concordia does not verify provider name.

Location: Providers tell Concordia their location when they join the network and every 3 years thereafter when they complete the reassessment process. Changes to information between 3 year cycles may not be reflected until the next cycle. If Concordia receives new information between cycles, the directory is updated. Concordia does not verify provider location.

Accreditation status: Accreditation Status means the provider has successfully completed an inspection and evaluation process by the organization listed and meets their standards. Providers tell Concordia accreditation information when they join the network and every 3 years thereafter when they complete the reassessment process. Concordia confirms accreditation status at these times. Changes to information between 3 year cycles may not be reflected until the next cycle. If Concordia receives new information between cycles, the directory is updated.
